Artist Pianos
P.O. Box 1772
Latham, NY 12110

Dear Paul,

I just wanted to tell you how much we appreciate the level of professionalism with which Artist Pianos conducts business. Whenever we need to rent a piano for a conference, we know it will be an easy process for us to book the rental, that you will confirm all the dates and times, and that the piano will be delivered as promised. In the nursing profession, we know that attention to detail is not just important, it is essential; it is clear that Artist Pianos shares the same philosophy.

Thank you so much for helping us out with our annual convention in Saratoga this year! I will call you when the need comes around again!

Sincerely,

Brenda R Turner
